

Backpack Sprayer NOVA 424

The simple and efficient design of the new SOLO Nova 424 Backpack Sprayer results in a reliable and comfortable product. The sprayer fulfills the basic requirements for demanding use around the home and on the farm.

■ Operational advantages

- Suitable for application of all approved plant protection chemicals.
- Durable and easy to maintain.
- The internal, large volume pump is sealed with a low-wear pleated protective cover. This design reduces maintenance.
- The complete pump system and the pump lever support bushings can be replaced without the use of tools.

■ Ergonomic comfort

- The tank and the base are ergonomically designed to contour to your back reducing operator fatigue. The comfortable shoulder straps make carrying the unit easier. This is a huge advantage for operational comfort and safety.
- The smooth operating double pump rod allows for a more efficient pump action.

■ Practical design

- The liquid tank features the familiar SOLO design shape and incorporates UV protection additive to provide long service life.
- The diameter of the large tank opening is 4.75". The large filter basket is easily removed.
- An integrated carry handle assists with comfortable transport and easy maneuvering.
- A stable tank base ensures that the sprayer will not tip over when filling.
- For storage purposes, the pump lever can be repositioned vertically to save space.
- 28" unbreakable wand and shut-off valve assembly provides excellent reach. The wand can be stored neatly in a wand holder, protected from dirt or damage by a special opening integrated in the tank base.
- Speed Tip Nozzle: multi-pattern spray. Sprays with 3 different settings with a turn of the dial: jet stream, flat spray and full cone mist.
- Durable shut-off valve with lock-on / lock-off feature reduces operator fatigue. The nylon-reinforced translucent 48" hose is particularly durable.
- The internal pump system incorporates an effective mixing system. While pumping, the liquid in the tank is constantly agitated.

■ Accessories

Complete list of accessories is available for the SOLO NOVA 424 Backpack Sprayer.

Model	NOVA 424
UPC	720 343 004243
Tank volume	4.5 Gal
